

Textile Exchange Demystified (2026)

Course Overview

Update	Subject Area	Estimated Time	Format	Language	Certification Validity
09-Oct-26	Sustainability	1.25 hours	Self-paced, multimedia	English	1 year

Overview & Purpose	Intended Audience
This foundational course equips vendors and factories with the essential basics of Textile Exchange. Building on the previous "Textile Exchange Demystified" course, this updated version provides additional detail and expanded explanations to support a deeper understanding of key concepts.	Vendors, factories

Course Objectives	Prerequisite
- Understand the importance of certification programs in identifying materials and products produced with sustainable characteristics. - Identify the different Textile Exchange certification programs and their requirements. - Gain knowledge of reporting and communication requirements for Textile Exchange certification programs. - Understand the future of Textile Exchange.	Not required

Module 1: Textile Exchange Fundamentals		Estimated Time	Delivery Method	Passing Criteria
Unit 1	What is Textile Exchange?	Estimated time to complete	Learning experience	Verify learner understanding
	- Explain the purpose and role of Textile Exchange within the textile industry. - Describe how Textile Exchange develops and supports sustainability standards.	1 min	Video	100% Content Viewed
Unit 2	Why Does Textile Exchange Matter?			
	- Explain how Textile Exchange supports the adoption and verification of sustainable materials. - Recognize the value of Textile Exchange standards in promoting credible sustainability claims.	1 min	Readings	100% Content Viewed
Unit 3	Language Use in the Textile Exchange	Estimated time to complete	Learning experience	Verify learner understanding
	- Interpret key Textile Exchange terminology.	1 min	Video	100% Content Viewed
Module 2: Textile Exchange Standards				
Unit 1	Introduction to Content Claim Standard (CCS)			

	- Explain the purpose of the Content Claim Standard (CCS). - Describe the role of CCS as the foundation for Textile Exchange certification programs.	2 min	Video	100% Content Viewed
Unit 2	A Closer Look at Content Claim Standard (CCS)			
	- Identify the core requirements covered by CCS. - Explain how CCS supports the verification of certified material claims throughout the supply chain.	1 min	Readings	100% Content Viewed
Unit 3	What Is Chain of Custody?			
	- Define Chain of Custody and its purpose in Textile Exchange certification. - Describe the concepts of product identification, segregation, and volume reconciliation.	4 min	Video	100% Content Viewed
Unit 4	Principles of Chain of Custody			
	- Explain the key principles used to maintain material integrity throughout the supply chain. - Recognize how Chain of Custody controls support traceability and certification compliance.	1 min	Readings	100% Content Viewed
Unit 5	How the Flow of Documents Works			
	- Describe how documents support the movement of certified products through the supply chain. - Explain the role of Transaction Certificates in maintaining traceability.	1 min	Video	100% Content Viewed
Unit 6	Scope Certificates (SC)			
	- Explain the purpose of a Scope Certificate. - Identify the certification status information demonstrated by an SC.	2 min	Readings	100% Content Viewed
Unit 7	Transaction Certificates (TC)			
	- Explain the purpose of a Transaction Certificate. - Describe how TCs verify certified product transactions.	2 min	Readings	100% Content Viewed
Unit 8	Other Textile Exchange Standards			
	- Identify the major standards supported by the CCS framework. - Recognize the types of materials and products covered by key Textile Exchange standards.	3 min	Video	100% Content Viewed
Unit 9	Overview of Key Textile Exchange Standards			
	Differentiate between key Textile Exchange standards.	5 min	Readings	100% Content Viewed
Module 3: Textile Exchange Certification				
Unit 1	How Does Certification Work?			
	- Describe the roles of Textile Exchange, accreditation bodies, certification bodies, and certified organizations. - Explain the basic structure of the Textile Exchange certification system.	2 min	Video	100% Content Viewed
Unit 2	BVCPS Accreditation for Textile Exchange Standards			

	- Explain the purpose of accreditation in the certification process. - Describe BVCPS's role as a certification body for Textile Exchange standards.	3 min	Readings	100% Content Viewed
Unit 3	Who Needs to Be Certified?			
	- Explain the purpose of accreditation in the certification process. - Describe BVCPS's role as a certification body for Textile Exchange standards.	2 min	Video	100% Content Viewed
Unit 4	Certification Process for BVCPS			
	Describe the key stages of the certification process, from application through certification.	5 min	Readings	100% Content Viewed
Module 4: Wrap-up				
	Final Assessment			
	Verify your understanding of the online content.	30 min	Multiple Choice	80% or above
